DIRECTIONS

Central Health Chancery Lane is based in Quality House, 5-9 Quality Court, just off Chancery Lane.

CHP is at the High Holborn end of Chancery Lane.

From Chancery Lane Tube Station, Take Exit 4 and continue forward for a couple of minutes. Chancery Lane is the second street on the left.

When you have turned onto Chancery Lane walk south, you will cross a road called 'Southampton Buildings' and after approximately 50 yards on the left you will find an alley way marked 'Quality Court'. Turn into this alley where you will find a small cobbled courtyard. Quality House is the large stone building on your right.

CHP is in the basement of the building; you will see our windows to the right of the main door.

Please ring the buzzer at the top left to inform our reception staff you have arrived, and they will buzz you through the security doors. Once you are through the doors go straight ahead up the steps through the glass door, and either take the stairs or the lift to the basement. On exiting the lift, or as you reach the bottom of the stairs turn left where you will find the entrance to our clinic.
